

Press release / June 08

28 29 & 30 november 2008

Musée de l'Air et de l'Espace - Aéroport de Paris Le Bourget

From Virtual to real ...

Do you want to pilot a submarine, drive a boat, pilot a Rafale or an Airbus A380? Have you ever dreamed of doing it ?

Come to Le Bourget on November 28, 29 or 30th and you will enter Tomorrow's world !

Settled in an historical hall of the Air and Space Museum in Paris-Le Bourget, the third edition of ***Mondial de la Simulation, is the one place to be*** for enthusiasts of virtual techniques as well as professionals one. You will discover the latest innovations and you will be able to have a go.

You will drive simulators of any kind of handling equipment, you will travel virtually... You will meet professionals of many diversified areas, such as aircraft piloting, inland navigation, merchant navy, security, architecture and so on.

For the 2008 edition, the organizer wishes to emphasise simulation as a training tool. Many training schools are invited to participate.

And, among the collections of the Air and Space Museum of le Bourget, you will go from virtual to real by piloting for real some of the machines discovered on screens.
